Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Wednesday 15 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Bright on Wednesday, sunny on Thursday, rain for some Friday.

Today:
Rather cloudy but largely dry. However, any early cloud will lift and break during the morning to become bright with brief sunny spells. The odd shower possible over the western hills. Sunny spells perhaps becoming predominant later. Maximum temperature 20 deg C (68 deg F).

Tonight:
A fine and dry evening however, a narrow band of cloud will move east overnight, bringing patchy drizzle over the western hills. A chance of fog where skies remain clear. Minimum temperature 11 deg C (52 deg F).

Thursday:
A fine and largely sunny day on Thursday, any early cloud, mist or fog rapidly clearing. Slightly warmer. Sunshine becoming hazy during the evening. Maximum temperature 21 deg C (70 deg F).

Outlook for Friday to Sunday:
Breezy, increasingly cloudy on Friday, with rain moving east late. Cloudy with rain or showers on Saturday. A cloudy, damp start on Sunday, then sunny spells and isolated showers.
